

FIVESTAR

The amazing FiveStar is a small, self-contained unit with powerful brush agitation to clean carpets, hard floors and grouted tile. It weighs only 40 pounds so it's light enough for anyone to handle, plus the compact body design and fold-down handle make it a breeze to transport and store. Remove two screws and the machine opens like a clamshell for fast service. The FiveStar is small enough to clean tight spaces and corners yet powerful enough to perform well in any commercial setting. A revolutionary bladder design allows you to fill and empty out of the same bucket and eliminates the need to pour solution into the machine. Simply fill the bucket, set it on the machine, close the lid and begin cleaning. No more spills or mess!

Fold-down handle for easy storage and transport
