

GALAXY PRO

AVAILABLE WITH HEAT!

This is the big brother to our popular Galaxy series with a large 17-gallon capacity housed within an extremely portable unit that's affordably priced. All the great features of our standard Galaxy model with the added benefits of an adjustable 500 PSI and the ability to tackle the really big jobs quickly and professionally. All models are available with an optional Heat 'N' Run system that delivers 200-degree heat in just 90 seconds! Comes complete with deluxe dual-jet stainless steel wand and hose assembly plus a 50 foot detachable power cord. All heated and other dual-cord units come equipped with a circuit locator.

FEATURES

- Large capacity within a compact frame makes it easy for a single operator to tackle a big job.
- New "granite look" projects an image of professionalism and keeps the machine looking brand new.
- Upright-mounted motors along with a special intercooler guarantee long life and durability.
- Standard 5-gallon bucket fits under drain valve for easy emptying.
- Opens quickly like a clamshell for easy servicing.
- Top-mounted switches.
- Sealed motor cavity insures that spills on the outside stay out.

OPTIONAL ACCESSORIES

- 1204AC Powermate—12" wide powerbrush
- 321AC Upholstery Tool
- 323AC Prespray Wand

For our full line of optional accessories (1½" diameter), see pages 15-17.
