

# GALAXY

## AVAILABLE WITH HEAT!

This new state-of-the-art series of extractors combines power and large capacity with a size and weight that make it ideal for the single operator. All models are available with an optional Heat 'N' Run system that delivers 200-degree heat in just 90 seconds! The Galaxy's hi-tech design holds a big 12-gallon tank inside a surprisingly compact body for maximum efficiency and portability—all at a very affordable price. The most powerful model delivers the ultimate in both pressure and suction, leaving carpet clean and virtually dry in record time. All designs come complete with a deluxe dual-jet stainless steel S-bend wand and 25-foot hose assembly. All heated and other dual-cord units come equipped with a circuit locator.
