

# POLARIS 801PS, 1201PS

For wide open spaces where productivity is the bottom line, the 800 and 1200 models clean quickly and efficiently. These larger self-contained units come equipped with dual vacuums to more thoroughly clean and dry carpets. The Polaris has a built-in silencer so you can clean without interrupting the workflow. Top quality construction, remarkable ease of operation and versatility combine for a machine that consistently outperforms the competition. Dual lift-off recovery buckets with no hose to detach allow easy emptying. Maintenance is a breeze as well—just remove two screws and open like a clamshell for quick internal access.

Quick-fit accessories

## FEATURES

- Large wheels, adjustable handle and light-weight construction team up for easy handling and storage.
- Optional accessories quickly attach to the rear of machine for cleaning stairs, upholstery, etc.
- Patented dual lift-off recovery buckets provide quick and convenient emptying.
- Patented four-wheel design for balance and reduced turning radius.
- High speed brush motor and brush guarantee powerful agitation to release deeply embedded soil and grit, extending carpet life.
- Patented brush system utilizes fully sealed stainless steel ball bearings for years of trouble-free operation.
