

SATURN

DUAL SPEED FLOOR MACHINES

Get more bang for your buck with one machine that does the work of two! Strip, scrub, spray-buff, polish, shampoo, bonnet clean...you name it, this machine does it all! Designed for professional floor care maintenance, the dual speed floor machines from EDIC are equipped with long-wearing steel triple planetary gearboxes, providing heavy duty yet quiet operation. Safety comes first with the exclusive "lockout" lever that allows the motor to be activated while keeping both hands on the handle grips. Use the lower speed to scrub and strip then just flip the switch to high speed and polish floors to a glossy luster. Operation is smooth and easy in even the toughest commercial settings.

FEATURES

- All-metal construction including stainless steel brush cover, heavy duty chrome-plated steel handle and 66 frame assure durability.
- All steel triple planetary gearbox provides heavy duty yet quiet operation.
- Turn a 17-inch machine into a 20" machine, or vice versa, by removing just four bolts.
- Dual trigger negative pressure switch allows operator to run with either hand.
- Safe two-handed start-up with exclusive "lockout lever".
- Cool running 1.5 HP high efficiency motor.
- 50-foot power cord.
- Non-marking PVC bumper prevents marks on walls and furniture.
- Available in 17" or 20" diameter.
