240X Series

Automatic Floor Scrubbers

**Sleek, Compact Design.
Efficient, Easy Operation.**

The **240X Series Automatic Floor Scrubber** is a durable, highly maneuverable and user-friendly 24" automatic floor scrubber. The sleek and compact **240X** delivers maximum efficiency and productivity in large, high traffic areas as it wet scrubs and dry vacuums in one pass. Designed with efficiency, convenience and easy operation in mind, the **240X** features a simple control panel and individual forward and reverse bail levers.

The large 20 gallon (75 ltr) solution/recovery tanks of the **240X** utilizes Minuteman's patented Maxi-Wall™ bladder which is designed to maximize capacity and performance. The **240X Series** comes standard with an off-aisle pump kit for cleaning hard-to-reach areas.

The **240X Automatic Floor Scrubber's** heavy-duty battery packs provide extended running time and increased productivity. The 24" offset scrub head allows cleaning in tight areas and corners. Pad or brush replacement is quick and easy with the assistance of the Quick-Release spring-loaded lever. The **240X** has a linear actuator brush lifting mechanism to raise and lower the brush deck with the push of a button.

Operator-friendly control panel features individual forward and reverse levers

Easy, unobstructed access to battery compartment
