***Minuteman's
380 Automatic
Walk-Behind
Scrubber tackles
high traffic areas
with ease.***

Minuteman[®]

Minuteman 380 Walk-Behind Scrubber

Minuteman's 380 is ideal for use in:

- Hospitals
- Nursing Homes
- Schools & Universities
- Office Buildings
- Grocery Stores
- Department Stores

Fast, Efficient, Wide Path Scrubbing from the Industry Frontrunner.

Minuteman's 380 Automatic Floor Scrubber provides maneuverability, maximum scrubbing power and substantial labor and time savings. Consider that the 380 is a 38" ultra quiet floor scrubber that scrubs an incredible 41,000 square feet per hour utilizing an off-set brush head with two 20" overlapping brushes. This durable unit wet scrubs and dry vacuums in one pass for maximum efficiency in large high traffic areas such as hospitals, schools, office buildings, grocery stores and more.

Easy to use. Maneuverable. Operator Friendly.

Rugged Build. Performance Powered. Designed to Last.

Constructed of heavy duty steel that resists rusting and durable polyethylene, the 380's large, 26 gallon capacity per tank, solution/recovery tanks and heavy duty battery packs provide extended running time and offer increased productivity. In addition, the wide off-set scrub head maximizes efficiency and large protective skirts constructed of steel resist dents and maintain water within the 38" scrub path. The 380's brush head skirting is designed for quick removal and easy on/easy off brush changes.

An optional Off-Aisle Pump Wand Kit enables easy cleaning in hard-to-reach locations.

Specifications:	Minuteman 380
Scrub Path	38" (97cm)
Squeegee Width	43" (109cm)
Coverage Performance	41,000 sq. ft/hr (3,809 m ² /hr)
Air Flow	72 cfm (2m ³ /min)
Vacuum (inches of waterlift)	70" (1,778mm)
Drive	Traction drive, 3/4 hp (.6kw)
Input Power	36 volt
Batteries	Six-220 ah or six-275 ah
Brush Motor	Two 1 hp (.8kw)
Vacuum Motor	36v, 3-stage, 1 hp
Number of Brushes	2
Brush Diameter	20" (51cm)
Brush Speed	320 rpm
Brush Pressure	Adjustable up to 350 lbs.
Working Speed	0-21.5 ft/min (0-66m/min)
Solution Tank	26 gallons (98 liters)
Recovery Tank	26 gallons (98 liters)
Dimensions (LxWxH) (without squeegee)	60" x 35" x 42-1/2" (152cm x 89cm x 108cm)
Weight (without batteries)	591 lbs. (268kg)
Weight (with batteries)	963 lbs. (437kg)
Wheel Diameter: Front	(2) 10" (25cm) solid
Caster Diameter: Rear	(2) 5" (13cm)
Parking Brake	Band type, differential lock
Brush Lifting Mechanism	Linear actuator
Warranty	3 years parts, 1 year labor
Options	Hour meter, keyswitch
