

Minuteman®

RapidAir™

Carpet and Floor Dryer

Designed to create and channel airflow while maximizing CFM, the Minuteman **RapidAir** provides optimum performance with a powerful 1 HP motor that generates up to 4,100 CFM to slash dry time in half. Operate at 0° or pitch the **RapidAir** at the 45° or 90° angle to circulate airflow or place the machine on or under carpeted surfaces for concentrated airflow.

The **RapidAir's** exclusive interlocking design makes it possible to safely stack and secure multiple machines for increased airflow. Protective screens at all openings help to ensure safe operation. Designed to provide extended life, the **RapidAir's** housing is made of durable rotationally molded polyethylene. Its noncorrosive, polypropylene fan blade provides maximum CFM in a lightweight, compact design.

APPLICATIONS:

- Carpets after extraction
- Hard floors after stripping
- Flooded areas
- Upholstery/ carpeted walls after extraction
- Fresh paint
- Improved facility ventilation
- Advertising balloons

Whether drying surfaces, inflating advertising air balloons or simply moving air, the **RapidAir** does the job rapidly!

◀ Convenient, built-in cable wrap.

Stackable design for ▶ limited storage space.
