**WARNING:** This product contains chemicals (methylene chloride and perchloroethylene) known to the State of California to cause cancer.

**Note:** Not for sale or use in California's automotive maintenance or repair facilities.

**Signs and Symptoms of Exposure**

Burning, tearing, redness in eyes. Redness, drying, cracking of skin. Irritation of nose, throat, and respiratory tract, nausea and headaches. Drowsiness, dizziness, fatigue or loss of coordination.

**Medical Conditions Generally Aggravated by Exposure**

Pre-existing skin and respiratory tract disorders. Follow good chemical hygiene practices.

**Emergency and First Aid Procedures:**

**Eyes** - Flush with plenty of water for at least 15 minutes lifting eyelids to insure complete removal. Get immediate medical attention.

**Ingestion** - Do not induce vomiting unless under the direction of a physician. Call a physician or poison control center immediately.

**Inhalation** - Get to fresh air. If breathing has stopped, qualified personnel should administer artificial respiration. **Skin** - Wash with soap and water. If irritation arises and persists, call a physician.

**SECTION VII - Precautions for Safe Handling and Use**

**Steps to be Taken in Case Material is Released or Spilled** - Isolate traffic and ventilate area. Eliminate all ignition sources. Wear protective gear as necessary. Dike to prevent spread. Caution, slip hazard. Pick up with absorbent material, then put in suitable container for proper disposal.

**Waste Disposal Method** - Consult local, state and federal regulations. Do not puncture or incinerate container. Replace cap on empty can, wrap, then discard container if allowed by applicable statutes.

**Precautions to be Taken in Handling and Storing -**

Avoid contact with eyes, skin and clothing. Wash thoroughly after handling. Store in a cool (under 120° F) dry location away from heat, sparks, open flame, and direct sunlight. Direct spray away from face. Replace cap when not in use. Do not use around ignition sources such as heat, sparks, open flame, etc.

**NOTE:** Not for repeated use on plastics or painted surfaces. Test before using on plastics or painted surfaces, as cracking or dissolving may result. Do not use on energized electrical equipment in operation, and allow surfaces to dry before restart.

**Other Precautions** - Follow label directions carefully. Keep out of reach of children. Avoid inhaling mist or vapors. Use with adequate ventilation. Do not deliberately concentrate and inhale vapors. Do not puncture or incinerate container. Do not swallow.

**SECTION VIII - Control Measures**

**Respiratory Protection (Specify Type)** - Not usually necessary. Use with adequate ventilation. If PELs or TLVs are exceeded (see Section II), use an approved NIOSH/MSHA respirator.

<b>Ventilation</b>	<b>Local Exhaust</b>	Not usually needed	<b>Special</b>	None
	<b>Mechanical (General)</b>	Acceptable	<b>Other</b>	None

**Protective Gloves** -  
Impervious

**Eye Protection** -  
Safety glasses or goggles (ANSI Z87)

**Other Protective Clothing or Equipment** - As needed to avoid contact with skin and clothing (i.e. apron, boots, etc.)

**Work/Hygienic Practices** - Normal. Wash thoroughly before eating, drinking, smoking, using restrooms, etc.
