Material Safety Data Sheet

May be used to comply with OSHA's Hazard Communication Standard, 29 CFR 1910.1200. Standard must be consulted for specific requirements.

SECTION I

Manufacturer's Name: ITW Dymon
Emergency Telephone Number: 1-800-535-5053
Address (Number, Street, City, State, and ZIP Code): 805 East Old 56 Highway, Olathe, Kansas 66061
Telephone Number for Information: 1-913-397-9889
Date Prepared: August 29, 2000
Signature of Preparer (Optional): Regulatory Dept.

SECTION II - Hazardous Ingredients/Identity Information

None of the compounds in this product are currently subject to reporting under SARA Title III Sec. 313 (40 CFR Part 372).

TSCA: All ingredients are on the TSCA inventory or are not required to be listed on the TSCA inventory.

Any substance listed as hazardous by the States of California, Florida, Illinois, Michigan, New Jersey, Ohio, Pennsylvania or Texas is described above if known present in regulated concentrations.

SECTION III - Physical/Chemical Characteristics

<table>

</tbody>
</table>

Pressure (psig. @ 70° F): 60 ± 5
Melting Point: No Data
Vapor Density (AIR = 1): Greater than one (1)
Evaporation Rate (Butyl Acetate = 1): No Data
Solubility in Water: Soluble
pH: 8.0 ± 0.5
Appearance and Odor: White opaque liquid with a lemon scent in an aerosol can.

SECTION IV - Fire and Explosion Hazard Data

USA Flame Projection Test (ASTM D-3065): 0° - Non-flammable

Flammable Limits: No Data
LEL: No Data
UEL: No Data

Extinguishing Media: This product does not support combustion. If necessary use carbon dioxide, dry chemical, foam, fog, or waterspray.
**Special Fire Fighting Procedures** - Use water spray to keep containers cool and vapors down. Do not allow runoff to enter sewers or public watercourses. Wear self-contained breathing apparatus in chemical fires.

**Unusual Fire and Explosion Hazards** - Aerosol container (pressurized) may burst if heated over 120°F.
SECTION V - Reactivity Data

Health Hazards (Acute and Chronic) -

Warning. May be harmful or fatal if swallowed. Contains petroleum distillates. May cause eye and skin irritation. May be harmful if inhaled. Aspiration hazard. May cause CNS effects upon prolonged or repeated overexposure. Follow good chemical hygiene practices to avoid these hazards.

Carcinogenicity:

None known

Signs and Symptoms of Exposure -

Dryness, redness of skin. Redness, tearing, burning in eyes. Headache, dizziness, fatigue, loss of coordination.

Medical Conditions Generally Aggravated by Exposure -

Pre-existing skin disorders may be aggravated if subjected to prolonged or repeated occupational overexposure.

Emergency and First Aid Procedures:

Eyes - Flush with plenty of water for at least 15 minutes lifting eyelids to insure complete removal. Get immediate medical attention.

Inhalation - Induce vomiting only under the direction of a physician. Get to fresh air. If breathing has stopped, qualified personnel should administer artificial respiration. Skin - Thoroughly wash with soap and water. If irritation arises and persists consult a physician.

SECTION VII - Precautions for Safe Handling and Use

Steps to be Taken in Case Material is Released or Spilled -

Caution, slip hazard. Wipe up small spills with absorbent material. For large spills - isolate traffic and ventilate area. Eliminate all ignition sources. Wear protective gear as necessary. Dike to prevent spill. Pick up on absorbent and put in a suitable container for proper disposal.

Waste Disposal Method -

Consult local, state and federal regulations. Do not puncture or incinerate container. Replace cap on empty can, wrap, then discard container if allowed by applicable statutes.

Precautions to be Taken in Handling and Storing -

Do not swallow. Avoid contact with skin, eyes and clothing. Avoid inhaling mist or vapors. Store in a cool (under 120°F), dry location away from heat, sparks, open flame, and direct sunlight. Direct spray away from face. Replace cap when not in use. Do not use around ignition sources such as heat, sparks, open flame, etc.

Other Precautions -

Follow label directions carefully. Keep out of reach of children. Do not deliberately concentrate and inhale vapors. Do not puncture container. Wash thoroughly after handling.

SECTION VIII - Control Measures

Respiratory Protection (Specify Type) -

Not usually necessary. Use with adequate ventilation. If PELs or TLVs are exceeded (see Section II), use an approved NIOSH/MSHA respirator.

Ventilation -

Local Exhaust - Not necessary. Special - None. Mechanical (General) - Yes. Other - None.

Protective Gloves -

Only as needed to avoid direct contact.

Eye Protection -

Not usually necessary.

Other Protective Clothing or Equipment -

Not usually necessary. If contact possible wear appropriate protective gear (i.e. gloves, apron, boots, etc.).

Work/Hygienic Practices -

Normal. Wash thoroughly before eating, drinking, smoking, using restrooms, etc.
