Health Hazards (Acute and Chronic) -
- Warning. Flammable liquid and vapor. Causes eye irritation. May cause skin irritation. Harmful if swallowed (contains methanol, 2 - 3%). Aspiration hazard. Mist may cause nose and throat irritation. Prolonged or repeated occupational overexposure may lead to dermatitis. Follow good chemical hygiene practices to avoid these hazards.

Carcinogenicity:
- NTP: No
- IARC Monographs: No
- OSHA Regulated: No

Signs and Symptoms of Exposure -
- Redness, drying and cracking skin. Redness, tearing and burning in eyes. Ingestion may induce nausea or diarhoea.

Medical Conditions Generally Aggravated by Exposure -
- Pre-existing skin conditions could be aggravated.

Emergency and First Aid Procedures:
- Eyes - Flush with plenty of water for at least 15 minutes lifting eyelids to insure complete removal. See a physician immediately.
- Inhalation - Get to fresh air. If breathing has stopped, qualified personnel should administer artificial respiration.
- Skin - Wash thoroughly with soap and water. If irritation arises and persists, call a physician.

SECTION VII - Precautions for Safe Handling and Use

Steps to be Taken in Case Material is Released or Spilled -
- Caution, slip hazard. Wipe up small spills with an absorbent material. For large spills, isolate and ventilate area. Eliminate ignition sources. Dike to prevent spread. Wear protective gear as required. Pick up with vacuum or absorbent material and put in suitable container for proper disposal.

Waste Disposal Method -
- Consult local, state, and federal regulations. Triple rinse empty container then offer for recycling, reuse, or reconditioning.

Precautions to be Taken in Handling and Storing -
- Avoid contact with eyes, skin and clothing. Wash thoroughly after handling. Use with adequate ventilation. Do not swallow. Avoid inhaling mist or vapors. Do not swallow. Do not smoke while using.

Other Precautions - Follow label directions carefully. Keep out of reach of children. Keep container tightly sealed when not in use. Do not contaminate water, food or feed by use or storage.

SECTION VIII - Control Measures

Respiratory Protection (Specify Type) -
- Not usually necessary. Use with adequate ventilation. Use NIOSH/MSHA approved respirator if PELs or TLVs are exceeded.

Ventilation -
- Local Exhaust: Not usually needed
- Mechanical (General): Yes

Protective Gloves -
- Only if contact is possible.

Eye Protection -
- Yes, approved safety glasses or goggles (ANSI Z87)

Other Protective Clothing or Equipment -
- Not usually necessary. If required, use apron, boots, face shield, etc. as needed.

Work/Hygienic Practices -
- Normal. Wash hands after use and before eating, drinking, smoking, using restrooms, etc.
