Material Safety Data Sheet

May be used to comply with OSHA's Hazard Communication Standard, 29 CFR 1910.1200. Standard must be consulted for specific requirements.

SECTION I

Manufacturer's Name
ITW Dymon

Emergency Telephone Number
1-800-535-5053

Address (Number, Street, City, State, and ZIP Code)
805 East Old 56 Highway

Olathe, Kansas 66061

Telephone Number for Information
1-913-397-9889

Date Prepared
September 11, 2001

Signature of Preparer (Optional)
Regulatory Dept.

SECTION II - Hazardous Ingredients/Identity Information

<table>

</tr>
</tbody>
</table>

None of the compounds in this product are currently subject to reporting under SARA Title III Sec. 313 (40 CFR Part 372).

TSCA: All ingredients are on the TSCA inventory or are not required to be listed on the TSCA inventory.

Any substance listed as hazardous by the States of California, Florida, Illinois, Michigan, New Jersey, Ohio, Pennsylvania or Texas is described above if known present in regulated concentrations.

SECTION III - Physical/Chemical Characteristics

Extinguishing Media -
This product does not support combustion. If necessary use carbon dioxide, dry chemical, foam, fog, or waterspray.

Special Fire Fighting Procedures - Use water spray to keep containers cool and vapors down. Do not allow runoff to enter sewers or public watercourses. Wear self-contained breathing apparatus in chemical fires.

Unusual Fire and Explosion Hazards -
Aerosol container (pressurized) may burst if heated over 120°F.
SECTION V - Reactivity Data

Stability Unstable

Incompatibility (Materials to Avoid) - Strong oxidizers, acids, bases, and reducing agents.

Hazardous Decomposition or Byproducts - Carbon dioxide, carbon monoxide, smoke, soot, ammoniacal and nitrous oxide fumes, smoke, soot and various organic oxidation by products.

Hazardous Polymerization May Occur

SECTION VI - Health Hazard Data

Route(s) of Entry Eyes? Yes Inhalation? No Skin? No Ingestion? No

Health Hazards (Acute and Chronic) - Caution. May cause eye and skin irritation. Contents under pressure. Repeated or prolonged occupational overexposures may cause dermatitis. Follow good chemical hygiene practices when using this and other cleaning products.

Carcinogenicity: NTP? No IARC Monographs? No OSHA Regulated? No

Signs and Symptoms of Exposure - Redness, tearing, burning in eyes. Redness, drying, cracking of skin. Irritation of nose and throat.

Emergency and First Aid Procedures: Eyes - Flush with plenty of water for at least 15 minutes lifting eyelids to insure complete removal. Get immediate medical attention. Inhalation - Rinse mouth with water. Never give anything by mouth to an unconscious person. Call a physician or poison control center. Skin - Wash thoroughly with soap and water. If irritation arises and persists, call a physician.

SECTION VII - Precautions for Safe Handling and Use

Steps to be Taken in Case Material is Released or Spilled - Isolate traffic and ventilate area. Eliminate all ignition sources. Wear protective gear as necessary. Dike to prevent spread. Caution - slip hazard. Vacuum up for reuse or pick-up on absorbent for disposal. Put in suitable container.

Waste Disposal Method - Consult local, state and federal regulations. Do not puncture or incinerate container. Replace cap on empty can, wrap, then discard container if allowed by applicable statutes.

Precautions to be Taken in Handling and Storing - Avoid contact with eyes, skin and clothing. Wash thoroughly after handling. Avoid inhaling mist and vapors. Use with adequate ventilation. Store in a cool (under 120°F) dry location away from heat, sparks, open flame, and direct sunlight. Direct spray away from face.

Other Precautions - Follow label directions carefully. Keep out of reach of children. Do not deliberately concentrate and inhale vapors. Replace cap when not in use. Do not use around ignition sources such as heat, sparks, open flame, etc.

SECTION VIII - Control Measures

Respiratory Protection (Specify Type) - Not usually necessary. Use with adequate ventilation. If PELs or TLVs are exceeded (see Section II), use an approved NIOSH/MSHA respirator.

Protective Gloves - Only if contact possible.

Other Protective Clothing or Equipment - Usually not necessary (only if direct contact possible)

Work/Hygienic Practices - Normal. Wash thoroughly before eating, drinking, smoking, using restrooms, etc.
