Material Safety Data Sheet

May be used to comply with OSHA’s Hazard Communication Standard, 29 CFR 1910.1200. Standard must be consulted for specific requirements.

SECTION I

Manufacturer’s Name
ITW Dymon

Address (Number, Street, City, State, and ZIP Code)
805 East Old 56 Highway
Olathe, Kansas 66061

Emergency Telephone Number
1-800-535-5053

Telephone Number for Information
1-913-397-9889

Date Prepared
October 4, 2001

Signature of Preparer (Optional)
Regulatory Dept.

SECTION II - Hazardous Ingredients/Identity Information

* This product contains Butoxyethanol (a glycol ether compound) which is listed and may require reporting under SARA Title III Sec. 313 if used over the threshold reporting quantity. This information must be included in all MSDSs that are copied and distributed for this material.

TSCA: All ingredients are on the TSCA inventory or are not required to be listed on the TSCA inventory.

Any substance listed as hazardous by the States of California, Florida, Illinois, Michigan, New Jersey, Ohio, Pennsylvania or Texas is described above if known present in regulated concentrations.

SECTION III - Physical/Chemical Characteristics

Extinguishing Media -
Carbon dioxide, dry chemical or foam.

Special Fire Fighting Procedures -
Use water spray to keep containers cool and vapors down. Do not allow runoff to enter sewers or public watercourses. Wear self-contained breathing apparatus in chemical fires.

Unusual Fire and Explosion Hazards -
Aerosol container (pressurized) may burst if heated over 120°F.
SECTION V - Reactivity Data

<table>
<thead>
<tr>
<th>Stability</th>
<th>Unstable</th>
<th>Conditions to Avoid - Extreme heat, direct sunlight</th>

Health Hazards (Acute and Chronic) -
Warning: Causes eye irritation. May cause skin irritation. May be absorbed through intact skin. May cause central nervous system effects. Contents under pressure. Use good chemical hygiene practices to avoid these hazards.

- Carcinogenicity: None known
- NTP? No
- IARC Monographs? No
- OSHA Regulated? No

Signs and Symptoms of Exposure -
Redness, tearing, burning in eyes. Redness, drying, cracking of skin. Drowsiness, dizziness, loss of coordination, vomiting and abdominal pain if ingested.

Medical Conditions Generally Aggravated by Exposure
Pre-existing skin and lung disorders may be aggravated by prolonged or repeated occupational overexposure.

Emergency and First Aid Procedures:
- Eyes - Flush with plenty of water for at least 15 minutes lifting eyelids to insure complete removal. Get immediate medical attention.
- Ingestion - If conscious, drink plenty of water. Call a physician or poison control center immediately. Do not induce vomiting unless directed by a physician. Product contains less than 0.1 per cent methanol.
- Inhalation - Get to fresh air. If breathing has stopped, qualified personnel should administer artificial respiration.
- Skin - Wash with soap and water. If irritation arises and persists, call a physician.

SECTION VII - Precautions for Safe Handling and Use

Steps to be Taken in Case Material is Released or Spilled - Isolate traffic and ventilate area. Eliminate all ignition sources. Wear protective gear as necessary. Dike to prevent spread.

Waste Disposal Method - Consult local, state and federal regulations. Do not puncture or incinerate container. Replace cap on empty can, wrap, then discard container if allowed by applicable statutes.

Precautions to be Taken in Handling and Storing - Store in a cool (under 120°F) dry location away from heat, sparks, open flame, and direct sunlight. Direct spray away from face. Replace cap when not in use. Do not use around ignition sources such as heat, sparks, open flame, etc. Avoid contact with eyes, skin and clothing. Avoid inhaling mist. Wash thoroughly after handling. Use with adequate ventilation.

Other Precautions - Follow label directions carefully. Keep out of reach of children. Do not deliberately concentrate and inhale vapors.

SECTION VIII - Control Measures

Respiratory Protection (Specify Type) - Not usually necessary. Use with adequate ventilation. If PELs or TLVs are exceeded (see Section II), use an approved NIOSH/MSHA respirator.

<table>

</tbody>
</table>

Protective Gloves -
Not usually necessary.

Eye Protection -
Safety glasses or goggles (ANSI Z87)

Other Protective Clothing or Equipment -
Not usually necessary. If direct contact is possible, use apron, boots, etc.

Work/Hygienic Practices -
Normal. Wash thoroughly before eating, drinking, smoking, using restrooms, etc.
